PROJECTS

Portfolio Website

Crafted an eye-catching portfolio website with HTML, CSS, and JavaScript.

Library Management Project

Key contributor to a sleek Library Management System, leveraging HTML, CSS, Bootstrap, SQL. Collaborated on crafting a user-friendly interface for seamless cross-device usability.

Amazon clone

Crafted a dynamic Amazon Clone Front-End project using HTML, CSS, and JavaScript. Highlights include dynamic product listings, interactive shopping carts, and seamless responsive design for optimal user experience.

Responsive Website

www.ssfixturing.com

The website serves as a testament to my skills in crafting user-friendly interfaces and implementing interactive features.

Vacation Rental Website

Built a dynamic vacation rental platform using HTML, CSS, JavaScript, Node.js, and MongoDB, showcasing full-stack development expertise.

DECLARATION

I do hereby declare that the statements made in this document are true to the best of my knowledge and belief.
